This table chart shows the costliest and cheapest UK universities for both undergraduate (UG) and postgraduate (PG) studies.

Imperial College London is the most expensive for both UG and PG, while the University of Sunderland is the cheapest for UG and Bishop Grosseteste University for PG.

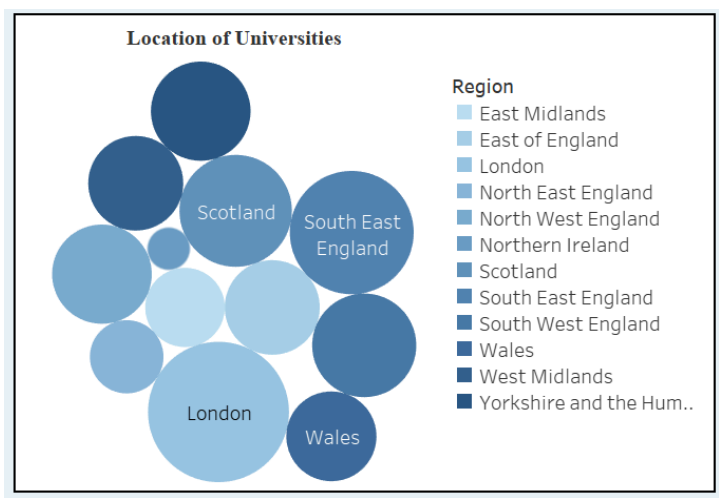

Notably, the fees for PG courses are generally higher than for UG, with some overlap in affordable options for both.

## Pie Charts:

These pie charts show the distribution of UK universities by campus setting and control type. The majority of universities are in urban areas (68), followed by suburban (37), and only a few are rural (8). Most universities are public (126), with only a small number (5) being private.

**Bubble Chart:**

This bubble chart shows the distribution of universities across different UK regions. London, Scotland, and South East England have the highest concentration of universities, as represented by the largest bubbles. Other regions like Wales and the East Midlands have fewer universities, indicated by smaller bubbles.
